**BILOXI NURSERY**

JAMES BRODIE, Proprietor

BILOXI, MISSISSIPPI

FEB 19 1920

Biloxi Nursery has been in operation for over twenty-five years, and the present owner has been in charge of the property for a similar period.

Past experience and the continued patronage of old friends who have added to my list of patrons, gives the all important support, encouragement and confidence, on which the present list is issued.

In thanking my friends for their support, I can assure them the stock now ready for shipment is of equal quality to any I have grown, and furthers the confidence and pleasure I take in supplying the best possible material.

I exercise great care to keep varieties true to name and will replace free or refund the purchase price of any that may prove otherwise, but I am not liable for other damages.

I do not guarantee trees or plants to live. I handle them with the utmost care, pack properly and deliver to the carrier in good order. My responsibility then ceases. The risk and cost of transportation is yours.

TERMS: Cash.

SHIPPING Precise instructions solicited. The express companies give a special rate (second class) on trees and plants, the charges being about 20 per cent less than on general merchandise. We recommend express, unless the order is for heavy trees.

PACKING. All trees or plants f. o. b. Biloxi, Miss.

CERTIFICATE OF INSPECTION will be attached to every package.

REFERENCE: FIRST NATIONAL BANK or any business house in Biloxi.

MEMBER Southern Nurseryman's Association and National Nut Growers' Association.

**GRAFTED PECANS**

Stuart, Success, Schley, Pabst, Van Deman, Russell. All these varieties are of special merit.

On the Coast the pecan comes to its greatest perfection as a "yard" tree; this shows it requires a rich or well fertilized soil. Trees should be planted 50 feet apart.

	Each	Per 10	Per 100
6 or 7 feet .....	\$1.50	\$14.00	\$125.00
5 to 6 feet .....	1.00	8.50	85.00
4 to 5 feet .....	.85	8.00	75.00
3 to 4 feet .....	.60	5.50	50.00
2 to 3 feet .....	.50	5.00	40.00

Selected trees, 7 to 9 feet, \$1.50 to \$2.00 each.

## PECANWOOD

Cion, average 6 inches, \$2.00 per 100.

4 to 5 feet .....	\$ .75
3 to 4 feet .....	.65

## GRAPES

No. 1	Scuppernong	James	Thomas	Each
				50c

## ROSES

Roses are the pride of the Southern garden, and the lower coast is justly celebrated for its perfect specimens and thrifty plants.

All roses offered in this list are field-grown. Strong budded plants. Climbing Rcses carefully trained and pruned invariably give best results

**Bush Roses.** Tea, Hybrid Tea, and a few of the Hybrid Perpetuals also prove highly satisfactory in the Southern belt.

For season 1919-20 I can offer but one grade of roses. No. 1 first class. All others sold.

**NOTE**—Classes are indicated by abbreviations, viz: (T) Tea, (H T.) Hybrid Tea, (H. P.) Hybrid Perpetual, (N.) Noisette, (P.) Polyantha, (B) Burbon

	Each	Per Doz.
No 1, first class, one or two years old,.....	.50c	\$5.50

## CLIMBING ROSES

#### ARBOR-VITAE

Pyramidal, 18 to 24 inches .....	50
Selected plants .....	1 00

#### UNSOLICITED TESTIMONIAL

Jamaica, B. W. I., April 3, 1919

"Dear Mr Brodie:—Your roses arrived in perfect order and were admired by my wife and Lady—

"Thanks to the very careful method of packing you persued. ~~N~~ot a single rose was damaged, although they passed through the customs fumigating chamber; that, if nothing else, ought to prove you a past master in your profession"
